We know the importance of water for life. We know, too, that a person can live weeks without food but only a few days without water to drink. Water is the main element that makes up living tissue - as much as 99 percent. No wonder our Lord chose water to represent the beginning of the new Christian life in Baptism. But water can remind us of death as well (flooding, drowning). This is another reason why our Lord chose water to represent the end of the old life and the beginning of the new Christian life. The waters of Baptism remind us that Christ has washed us clean of sin and reconciled us with God. In Baptism, all of our sins - even original sin, the fallen state of human beings - are washed away. That's why the Baptismal promises, include renunciation of sin and a profession of personal faith. We will continue next week reflecting on the Sacrament of Baptism. Have a wonderful and blessed week. Fr. Felicjan
